To Whom it May Concern:

It is my pleasure to introduce Lisa Carter and Michelle Denton of Dynamic Data Management.

Last Spring, when I found myself without a financial department Lisa and Michelle came to my rescue. They immediately stepped in and kept our financial operations operating in a professional and timely manner. They were also instrumental during this very difficult transition in developing and training our new staff.

At all times we found their work to be very professional and it was a pleasure to work with them. I would also add that they were always willing to go the extra step to get the job done.

To say the least, we are very indebted to Lisa and Michelle and it is without hesitation that I recommend their services.

Sincerely,

Rick Gregorio
